

August

Senior 3B

Week commencing 22/06/20

This week it is the last full week of school and Sports Week. Each day there will be two sports day activities posted on the school Facebook page. You can try these at home and have some fun with the whole family. We would love to see videos and pictures of you trying it out or even send us the score that you got. We are all looking forward to having such fun.

For your work, this week I would like you to plan a trip. In the document I will post on Class Dojo there will be series of worksheets around the theme of summer holidays. You can think about holiday destinations and stick in or draw some pictures. You need to plan what you will bring on the trip, what you might need planning and Most importantly who you would bring on holiday and why.

I will also be including some fun activities like wordsearches and puzzles for you to complete. If you don't have a printer try and find them on the screen and write a list of what you have found.

For your reading comprehension I will be posting a Sun Safety themed extract. I am optimistic that we will need to know how to stay safe in the sun this summer. Try and answer as many questions as possible

This week I would like you to continue to play math quizzes on Topmarks website. It is good to keep up the times tables skills but you can also do money and time on there.
